The Ware County Golden Gator Band Boosters Welcome You!

"Dedicated To The Support of The Pride of Ware County"
The Golden Gator Marching Band

Welcome visitors and fans to Memorial Stadium for the 1993-94 season. WE ARE GLAD YOU'RE HERE and we hope you enjoy the game, the music and being here with us.

The Ware County Band Boosters are dedicated to the support of the band and student athletes of our school. Your purchase of this program means that you, too, have contributed to the support of one of our largest fund raisers. You are helping to purchase uniforms, jackets, musical instruments, and other necessities, too numerous to name, needed for each student to perform at sporting events, competitions and concerts.

You will be doing us a favor if you will pay special attention to the commercial advertisements and the list of patrons within the covers of this program. Patronize these good folks, and mention that you saw their ad in our program. It is due to their fine support that we are able to offer this program to you this evening.

Sincerely, John and Sherri Shaw Co-Presidents, Ware Co. Band Boosters

A Letter From The Superintendent

Dear Patron:

Here we are with great expectation, pride and enthusiasm for another high school athletic season. Again, we are beginning to see new teams -in both athletics, music, academics and vocational - come together. These youngsters are making plans to become involved in school. I hope that you as parents and patrons are feeling the spirit in the air. It is magic, this involvement with young people. By this association, somehow that involved person stays young.

If you do feel that spirit, what you are feeling, along with enthusiasm, pride and excitement, is support. No matter which team or individual you have special pride in, you are finding yourself supporting that team and that person you have elected to follow. It could be a son or daughter, or it could be the whole team; it could be both. The who here, however, is secondary to the how.

How should a person support someone or something? The supporter, in this case parents and patrons should take it upon him or herself to be a positive influence, one who understands the rules, the team and/or the person. That supporter should be able to guide the young person when he or she asks for that guidance, and that supporter should be able to help counsel when something is seen as not acceptable. Always the supporter should keep in mind the negative influences that this youngster meets daily. The supporter must be there for positive assistance. And, again, if that parent or supporter is positively supportive, that youth knows that here is someone to imitate, someone who makes the boy or girl proud.

These persons are the example-setters for good sportsmanship, good study habits, good social skills and so many other items that the list is most burdensome. Good parents and patrons understand what they were doing when they elected their positions. These people have another name: Athletic and Band Boosters.

And I know that team, that boy or girl thank you for being there.

the pursuit of excellence educational system.

WELCOME

On behalf of the Ware County Athletic Department, I would like to welcome each of you to Memorial Stadium and to 1993 Gator Football.

Football has been a place in the Ware County School System since 1958 and has been a source of immense pride for many Ware Countians. The players and staff of the current team have worked extremely hard to put together a competitive football team that the fans of Ware County can continue to be proud of. Each week as we take to the field, we will strive to perform to the best of our abilities and to exhibit sportsmanship at its highest level.

Athletics is such an important part of the lives of manyyoung people, but it is only a part of the total educational process. We try to combine the athletic and academic abilities of these young people to develop scholarship and leadership qualities both on and off the field.

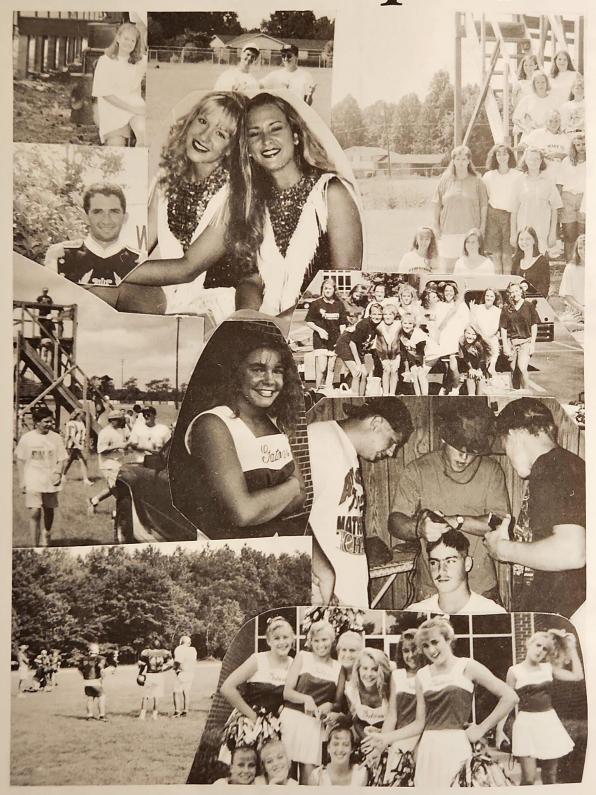

As a former Ware County athlete and as the current head coach, I would like to take this opportunity to express my personal appreciation to the boosters, coaches and players for the BLOOD, SWEAT and TEARS that have been put into building this program to the present level. For the past 35 years, countless numbers of young people have had the opportunity to participate in this outstanding program because of your efforts.

Many thanks must also go to the administration, staff, band and cheerleaders for your support of the Ware County Football Program. We would not be complete without you.

Let us now pull together in support of all of our young people to help make this truly THE YEAR OF THE GATOR!

Sincerely, Rusty Ganas

WARE COUNTY GOLDEN GATOR BAND DIRECTORS:

L-R: Michael Carter, Torrie Powell, Rick Tucker, Kathy Harbuck, John Weaver

Golden Gator Band "Spirited and Successful"

The Golden Gator Band is the largest, most spirited, and successful student organization at Ware County High School. Its reputation as one of the finest high school bands in the southern United States has been built on its superior quality of music, exciting technical ability, and spectacular shows. The Drill Team, Majorettes and Flag Corps contribute greatly to the band's total package by providing exciting visual emphasis to the musical presentations.

The Golden Gator Band represents a true cross-section of the student body. The band members are a collection of the finest talents anywhere. In the band are over 140 talented young people destined to become some of the finest musicians and leaders in the state.

Rick Tucker has been director of the Golden Gator Band and instructor of music at Ware County since 1980. A native Ware Countian, he was graduated from Ware County High School in 1974, and received his BFA in Music Education from Valdosta State, as well as his Masters Degree in Administrative Supervision. Mr. Tucker is active in the Georgia Music Educators Association, Music Educators National Conference, and National Band Association.

During its history, the Golden Gator Band has participated in and performed at numerous competitions, clinics, festivals and prestigious events throughout the South and Europe.

I'm A Gator Band Fan!

The Ware County Band Boosters Club is made up of parents and individuals who are dedicated, in different ways, to supporting the Ware County Band in all phases of band activities. We help to raise much needed funds for the essential things that the band requires in order to be able to represent our school and community in so many different ways.

Our Ware County Band is growing due to the productive efforts of the band program in the lower grades at the various elementary schools and the junior high. This growth increases the need for funds for the Ware County Band Program. All of the revenue from this program goes directly to our Ware County Band to fund the many phases of operation. We need the help of All Band Parents to support Our Band Booster organization.

Anyone can be a Ware County High Band Booster! Won't you join us and share in the joys of being a Ware County Band Fan!

Congratulations Suzanne Smith
